

G-191
P R CHINA

Primary Name: **GOLDEN SAND**

Type of Finish: POLISHED

Color Range: G-Brw

Country of Origin: **P R CHINA**

G-191
P R CHINA

Primary Name	GOLDEN SAND
Type of Stone	Granite <small>*(As defined by ASTM C-119)</small>
Type of Finish	Polished
Country of Origin	P R China
Quarry Location	Ningde City
Quarry Number	Huo Tong #1
Geological Formation	
Color Range	(G-Brw) Golden Brown
Description	Medium grain granite with unique composition of beige, pinkish and greenish speckles.

Producer's Recommended Usage: Exterior Interior

Average Block size: 10' Length X 5' Width X 5' Height

Average Fabricated Slab size: 9' Length X 5' Width

Available in Thin Tile: Yes No

Maximum Thin Tile size: 18" Length X 18" Width X 3/8" Thickness

TECHNICAL INFORMATION

	Value		ASTM** Test Method
	English	Metric	
Absorption by weight, %	0.33	0.33	C97
Density, lbs/ft3, (kg/m3)	163.5	2620	C97
Compressive strength, psi (Mpa)	33010.6	227.6	C170
Modulus of Rupture, psi (Mpa)	2886.3	19.9	C99
Abrasion Resistance, hardness	46.13	46.13	C241
Flexural strength, psi, (Mpa) (Marble Only)	1871	12.9	C880

MIA Classification for Soundness (Marble Only)
